## Media Advisory

### ***Atomic Bamboozle: Event at the Flicks, Boise 7 pm, Sunday 22 Oct. 2023***

Boise, ID: The Snake River Alliance is proud to sponsor the Idaho premiere of *Atomic Bamboozle: The False Promise of a Nuclear Renaissance* at the Flicks movie theater 22 Oct. 2023 @ 7:00 pm.

Panel discussion and Q&A with the director Jan Haaken and local organizers will follow the 45-minute film. Panelists will discuss a wide range of topics, including current efforts to stop creating more nuclear waste, environmental documentary, filmmaking, and many more topics.

ATOMIC BAMBOOZLE follows anti-nuclear activists, tribal leaders, scientists, and attorneys as they draw lessons from the decades-long campaign to shut down the Trojan Nuclear Power plant in Oregon and extend those lessons into a new struggle to stop small modular nuclear reactors (SMRs) that are being aggressively promoted by the Department of Energy and nuclear industry in response to the climate crisis.

If you have questions or would like more information about attending, please contact: Jeremy Cross at [jcross@snakeriveralliance.org](mailto:jcross@snakeriveralliance.org) or call 303-241-1097
